

# Exalt . . . . . Kathy Peak Ministries

Fall 2009

Volume 1 Issue 1

## On The Road

Welcome to our first edition of our first newsletter. We so want to share the remarkable journey God has sent us on,

Many of you have followed us via our website and others of you have supported us with your prayers. Thank you all!

Ten States and British Columbia have seen our "new" Motor home this Summer and Fall. Since May, Kathy has performed over 65 concerts in Retirement Communities, Churches, RV Parks, and the Airstream International Rally.

What blessings we receive from our audiences. Memorable are the smiles, the body language, and of course singing along with Kathy. Especially popular are the 30's-40's Big Band songs. God's family has been so supportive. Thanks for all who have entertained us with meals, goodies, and places to park the "bus". Our Canadian friends are going to be hard to beat with their hospitality.

## Gordon's Log

National Diving & Volleyball Competitions in May left me with a leg injury. No jumping or running for six months. Driving our new 1995 40' Motor home has been a "dream". Yes, some "situations" have arisen, but God goes before us.

Supporting Kathy is my biggest and best job during concerts. Here she is delighting her audience in BC.

## Kathy's Heroes

I meet many amazing people as we travel. This column will list some who have stood out as blessings to those around them, and others who have remarkable stories to share.

Many I meet have been their spouses caregivers. This is a "job" that is always done lovingly, yet takes its toll on the one left behind.

I would like to begin this column by honoring **Ron Huber**, (Ocean Park WA) who patiently and tenderly cared for his dear Joan (Joanie) who went to be with her Heavenly Father and Lord on Oct. 22 2009.

**Joe/Frieda**-Cleveland TN Each also cared for their spouses, then two years ago met, fell in love, and were married. Both are in their 90's!! Joe is a retired pastor and Frieda, a former pastor's wife.

## Concert Updates

We'll be heading south now with concerts in Snohomish WA, Redding CA, and Modesto/Turlock CA. We'll be spending Thanksgiving with Kathy's family in Turlock. Then its on to Selma CA to spend time with Gordon's family.

Just call me **Mr. International**. Not many felines have flown, traveled in a moving house, or crossed an International border into a foreign country. I catch balls, play soccer with Dad, and walk around while on a leash. And females LOVE me!!.

Well, what's not to love?
